*Grab some friends, and get in a circle!*

*Make a move, any move!*

*Share it with your cluster,  
and have them repeat it!*

*Ask the next person to make a move,  
and everyone can try it!*

*Go back to your own move, then go on to that  
next person's, then go to the next person!*

*Run out of friends? Make more! Or loop  
around back to a new move from you!*

*This dance can become infinite! Keep adding  
with all of your friends...*

*You're a dance-making conveyor belt!*
